NEW YORK PROALD MONDAY JUNE 2 1870

cents of Amberet, Tu't's College and Union College,

Hon. R. S. Donnell declines being one of the Know Nothing Presidential Electors in North Carolina. He says be is an old line whig.

The Knew Nothings of Ohio have nominated as their State ticket, for Supreme Judges, H. V. Peck and E-Moody; for Commissioner of Public Schools, Auson Smith, and fer Board of Public Works, B. Eggleston.

The democratic convention of Linking county, Ohio, passed a resolution instructing their delegates to Cincinmati to vote for James Bushanan upon every ballot, so

The most prominent candidates of the black republicans are Chase, who is supported strongly in Ohio; Fremont, who has a portion of the West to back him Seward, with New York and Iowa in his tayor; Bauks and Sumner, who are both popular with their party in the Eastern States; and Judge McLean, whose popularity is spread cut rather thin over the whole North and West.
The Know Nothing State Council of New Jersey met at

Fillmore and Donelson, with but seven dissenting voices.

A meeting has been held in Alton, Ill., to take into con sideration the subject of establishing a line of steamers to carry free State emigrants into Kansas Territory.

The June Term of the Law Courts.

The summer vacation is approaching, and every energy will be made by litigants and is eyers to bring on their causes for trial before July or August. In the Supreme Court several hundred causes are called per day, and most of them referred. This is a good way to lighten the calendar. We could name many instances of the beneficial results of this mode of procedure, but one will suffice. An action on a note was on the calendar for fourteen months and put off from time to time by the defendant on being reached the Judge (Daviss) ordered a reference upon which the defendant immediately offered a compro mise. In the Superior Court we may expect the decision of the General Term on the motion for a new trial in th Forrest divorce case. Amongst the Jury causes is the suit of Fowles against Bowen and McNamee, for slander, which was tried once before, and resulted in a verdict of \$5.000 for Mr. Fowles. The case is set down by the Chief Justice for to-morrow; and as Mr. Stone, one of the witnesses for the defendants, and one of their partners have returned to the city, there will be no further pretext for the postponement of the cause. The mercantile community, both employers and employed, prove how far a merchant may trifle with the character of a genteman who left his employment with an unsal-lied reputation. In the Common Pieas the Judges will hold two trial terms. The trial term of the Marine Court will be held by Judge McCarthy; Judges Thompson as Maynard will hear cases without a jury. Owing to the constant attendance of the Justices for some months past, the calendars are reduced to a small number of cases. It is now an every day occurrence to have causes over a fortnight without a hearing, unless at the instance of the parties concerned.

The United States Circuit Court is engaged in a paten suit, and the term of the United States District Court will commence on Tuesday.

On the 8th of this month Jacge Strong will give his decision on the motion of the District Attorney to change

The June term of the Court of Sessions commences to day. Recorder Smith will occupy the beach to-day and to-morrow, after which Judge Capron will hold the court for the remainder of the term. There are no capita cases to be tried this term, and more than half of the calendar, as will be seen by the following list, is made up

JUNE FESSION OF THE COMMON COUNCIL.-The Board of Aldermen will hold the first meeting of the June session

Bastardy...... Witness.....

The Board of Councilmen also convene this evening The Board meets at five o'clock P. M. instead of six, as heretefore, and will continue to sit every evening except Saturday and Sunday until the completion of the eight sessions required by law. There are no subjects of an exciting character before this branch of the city government at present; and unless something should turn up before the final adjournment, the members will have nothing to do but to attend to the ordinary routine smal bills. The committee of investigation into the allegac corruption in the matter of widening Reads street will make a report, but as there has been no evidence elicited which implicates any member of the Soard, the matter will prebably be dropped with the discharge of the com-mittee.

Police Intelligence.

STARBING AFFRAY .-- On Saturday afternoon, a woman named Catharine Cosgrove was stabbed in the leg with named catharine Cosgrove was autoned in the leg with a krife by a boy yet unknown. It appears that the parties are both ragpicters, and becoming engaged in a dispu'e about some old paper which was thrown out from a source in Water street, the boy was so incensed at the conduct of Catharine, that he drew from his person a pocket knife and plunged it into the leg of the woman. The young scamp then ran off, and has not since been arrested. The is jured woman was conveyed to the hospital for mediast treatment.

CHARGE OF PASSING COUNTERFEIT MONEY .- George Litzoe and Charles Rolens were taken into custody on Satur zoe and Charles Rolens were taken into curtody on Saturday night, by the Tenth ward police, on charge of passing counterfeit money. The accused, it is alleged, attempted to pass a counterfeit five dollar bill on the Putnam County Bank, N. Y., and a three dollar bill on the Mercantile Bank of Salem, Mass., upon Henry Tods, the proprietor of a salcon near the Essex Market Police Court. The accused were brought before Justice Wood, at the Third District Police Court, where they were committed for trial. Other counterfeit bills were found in the possession of the prisoners.
